A PROGRAM REPORT ON

A Faculty Development program on

"EMBEDDED SYSTEM AND REAL TIME APPLICATION"

Event Name: "EMBEDDED SYSTEM AND REAL TIME APPLICATION".

Duration :5 Days

Date :23rd to 28th may, 2018

Venue :Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching staff of ELECTRONICS & COMMUNICATION ENGINEERING departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Coordinators: P.K. SURESH, Asst Prof, Dept of ECE

Objectives:

- Explain the concepts of real time system and why these systems are usually Implement as concurrent processes.
- To describe a design process for real time system.
- To explain the role of real time executives.
- To introduce generic architectures for monitoring and control and data acquisition system.

Course Outcomes:

- To present the mathematical model of the system.
- To develop real-time algorithm for task scheduling.
- To understand the working of real-time operating systems and real-time database.
- To work on design and development of protocols related to real-time communication.

A REPORT ON

A Workshop on "ROBOTICS"

Event Name: A workshop on "ROBOTICS".

Duration: 5 Days

Date: 7th to 11th may , 2018

Venue: Department of Electronics and Communication Engineering, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- Develop multidisciplinary robotics projects that have practical importance by participating robotics competition.
- Through lectures based on the robotics competition projects, equip students with contemporary knowledge.
- Through projects done in laboratories, increase the true hands-on student learning experience and enhance their conceptual understanding.
- Through multidisciplinary robotics projects, Increase students' ability, competency and teamwork skills on dealing with real-life engineering problems.
- Apply multidisciplinary active learning components to robotics education during course module development.
- Achieve learning objectives for students with weaker science and mathematics background in an interdisciplinary course through hands-on interactive laboratory based approach.

A PROGRAM REPORT ON

An awareness program on "Maintaining Work Life Balance and Leading a Healthy Life"

Event Name: "Maintaining Work Life Balance and Leading a Healthy Life"

Duration: 3 Days

Date: 01-05-2018 to 03-05-2018

Venue: Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching and non-teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- Work life balance typically means the achievement by employees of equality between time spent working and personal life.
- A good work-life balance for employees can improve staff motivation, increase staff retention rates, reduce absence, attract new talent, and reduce employee stress.
- To Manage both personal and professional responsibilities with adequate time for rest and leisure.
- To maintain work life balance add exercise as a part of your daily routine, take time to rest both mentally and physically.

Faculty organizing committee:

1. Dr. ADITI ABHISIKTHA, Assistant professor
2. B.VENKATA RAMANA, Associate professor
3. P.MANOJ BABU, Assistant professor

DESCRIPTION:

The Resource persons,

Dr.Mutyala Balaji, Hypnotist and Psychologist,

Dr.L.S.Naidu,MD demonstrated the importance of work life balance

- Donate your time, Expertise, or Finances
- Learned to flexible scheduling work
- Learned to clear Boundaries among employees in work place to work together without stress.
- Foster a Healthy work and create flexible leave policies.
- How to balance work life and family life.

Work Life Balance programm for healthy life

Outcome:

After completion of the training program, the faculty members will be

- Able to do the productive work with appreciation.
- Able to balance work life and private life, and maintain healthy environment in work place and family
- Able to work without stress and encouraging a Healthy life style.
- Able to prioritize our top tasks and do them first.

Course Outcomes:

After completing this course users will be able to:

- Use AutoCAD for daily working process.
- Navigate throughout AutoCAD using major navigating tools.
- Understand the concept and techniques to draw.
- Create multiple designs using several of tools.
- Create layers to control the objects' visibility.
- Explain drawing using annotations.
- Plot or print the drawing by scale.
- To use constraint for certain design.

DESCRIPTION:

TOPIC: FDP on Research methods-logics

The Resource person, **Dr.K.Sridhar**, demonstrated the importance of Seminar on Research methods-logics.

- Detailed plan that helps to keep researchers on track, making the process smooth, effective and manageable
- The goal of the research process is to produce new knowledge or deppen understanding of a topic or issue.
- Better understanding and decision making.
- Research methods to understand the complexities of a problem.

Outcomes:

After completion of the training program, the faculty members will be

- Ability to choose methods appropriate to research aims and objectives.
- Able to develop skills in qualitative and quantitative data analysis and presentation.
- Demonstrate the ability to develop advanced critical thinking skills.
- Provided a detailed plan that helps to keep researchers on track, making the process smooth, effect and manageable.

VISAKHAPATNAM - 530 048

Outcome:
After completion of the training program, the faculty members will be

- Understood how the learners become competent and confident users of ICT who can make efficient, effective and creative use of basic Application software in their everyday activities.

- Understood how the learners to become critical and reflective users of ICT who can evaluate the capabilities and limitations of the technology and of social, technical, political, ethical, organizational and economical principles associated with its use.

- Understood how the learners to develop the appropriate social skills that is essential for cooperative and collaborative learning based around ICT.

- To help the learners appreciate the richness of our cultural heritage by facilitating access to all aspects of our uni0ue culture.

- Understood how the learners become cultured citizens of the modern world by facilitating the discovery and appreciation of the cultural heritage of various countries around the world

A REPORT ON

Training Programme on DSP Processors

Event Name: Training Programme on DSP Processors.

Duration: 5 Day

Date: 14th to 18th July , 2017

Venue: Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the Non- teaching staff of EEE, ECE, CSE Departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- To Train How to Setup and configure the necessary software platform and tools for Digital Signal Processing.
- To understand the concepts and principles those are foundational to DSP and its applications.
- To familiarize themselves with DSP components and employ them in electronics systems.
- To Generate algorithms and operational functions using the results from DSP.
- To utilize the basic features of DSP software platforms and design signal filters.
- TO Synthesize DSP simulations and implement various types of filters for DSP.

CIRCULAR

This is to inform that Department of ELECTRICAL & ELECTRONICS ENGINEERING is going to conduct a FACULTY DEVELOPMENT PROGRAM on "**DSP Processors**". and the details are as follows. In this regard all the faculty members are instructed to attend the session without fail.

Date : 14th to 18th July 2017
Timings : 10.30AM to 12:30PM (Forenoon)
: 2PM to 4:30PM (Afternoon)

Session breakup: Process explanation 4hr
Q&A session-10-15 min
Venue : Seminar Hall

PRINCIPAL

5 Day Training Program on "TRAINING PROGRAMME ON MS OFFICE TOOLS AND DTP WORKS "

Event Name: Training Programme on MS – office Tools and DTP Works.

Duration: 5 Day

Date: 05/07/2017 to 09/07/2017

Venue: Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All Non-teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- To create documents for printing and sharing.
- To create and share presentations.
- To manage and store data in a spreadsheet.
- To identify the features that are common to all applications in the Microsoft Office suite.
- To modifies the documents using Microsoft Office Word 2013.
- To present spreadsheet data using Microsoft Office Excel 2013.
- To create Microsoft Office PowerPoint 2013 presentations.
- To work with databases using Access 2013.
- To manage tasks using the new features in Microsoft Office Outlook 2013.
- To Train Cover Design, Text Formatting, Desktop publishing and Type settings.
- To Train Photo Editing ,Brochure and Catalogs, Multilingual Desktop Publishing Layout Designing, Books, Newspapers, Magazine etc.

DESCRIPTION:

TOPIC: Training Programme on MS – office Tools and DTP Works

The Resource person, Mr.S.Durga Prasad, Associate Professor of Department of CSE demonstrated and carried out the hands on sessions on

- Create documents for printing and sharing.
- Create and share presentations.
- Manage and store data in a spreadsheet.
- Identify the features that are common to all applications in the Microsoft Office suite.
- Modifies the documents using Microsoft Office Word 2013.
- Present spreadsheet data using Microsoft Office Excel 2013.
- Create Microsoft Office PowerPoint 2013 presentations.
- Work with databases using Access 2013.
- Manage tasks using the new features in Microsoft Office Outlook 2013.
- Cover Design, Text Formatting, and Desktop publishing and Type settings.
- Photo Editing ,Brochure and Catalogs, Multilingual Desktop Publishing Layout Designing, Books, Newspapers, Magazine etc.

Outcome:

After completion of the training program, the faculty members will be

- Learned about creating of documents for printing and sharing.
- Learned about creating and sharing presentations.
- Learned about how to manage and store data in a spreadsheet.
- Learned about identify the features that are common to all applications in the Microsoft Office suite.
- Learned about how modifies the documents using Microsoft Office Word 2013.
- Learned about How to present spreadsheet data using Microsoft Office Excel 2013.
- Learned about Microsoft Office PowerPoint 2013 presentations.
- Learned about work with databases using Access 2013.
- To manage tasks using the new features in Microsoft Office Outlook 2013.
- Learned About how to Cover Design, Text Formatting, and Desktop publishing and Type settings.
- Learned About how to Photo Editing ,Brochure and Catalogs, Multilingual Desktop Publishing Layout Designing, Books, Newspapers, Magazine etc

A PROGRAM REPORT ON

A Five Day FDP on "OUTCOME BASED EDUCATION"

Event Name: A Five Day FDP on "OUTCOME BASED EDUCATION".

Duration: 5Day

Date: 16th to 20th June, 2017

Venue: Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- To build awareness on Importance of Outcome based education among the faculty fraternity of BITS.
- Brings clarity among the teachers and students.
- Every student has the flexibility and freedom of learning in their ways.
- There is more than one method of learning.
- Reduces comparison among the students as everyone has a different target

2. FATHIMA BEGUM, Associate professor

DESCRIPTION:
TOPIC: Introduction about Outcome Based Education (OBE)

INTRODUCTION TO OUTCOME BASED EDUCATION

The Resource person, **Dr.Umakant**, Professor of Department of Mechanical Engineering demonstrated the importance of

- Clarity of focus. This means that everything teachers do must be clearly focused on what they want students to know, understand and be able to do. ...
- Designing down. ...
- High expectations. ...
- Expanded opportunities

Outcome:
After completion of the training program, the faculty members will be

- Able to know the importance of Outcome Based Education (OBE) Concept. Vision of the Institute, Mission statements of the Institute.
- Able to define Course Objectives and Outcomes of each course in the curriculum.
- Able to identify the related Program outcomes for each Course outcome defined.
- Able to tabulate the mapping of COs with related POs of the programs.

A PROGRAM REPORT ON

A FDP on "Best practices for teaching research and industry interaction"

Event Name: A FDP on "Best practices for teaching research and industry interaction"

Duration: 5 Days

Date: 06-06-2017 to 10-06-2017.

Venue: Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- Research objectives should be specific, measurable, achievable, realistic and time constrained.
- To produce new knowledge or deepen understanding of topic or issue.
- To Understand a general definition of research design .
- Should be able to identify the overall process of designing a research study from its inception to its report
- Should be able to define theory use in quantitative research.

DESCRIPTION:

TOPIC: Best practices for teaching research and industry interaction

Best practices for teaching research and industry interaction

The Resource person, **Dr.D.Raja Kishore**, Professor from Dr.L.B.Bulllayya College.

- Exploratory research and aims
- Descriptive aims
- The goal of the research process is to produce new knowledge or deppen understanding of a topic or issue.
- Better understanding of concepts and theories.
- Systematic method for acquiring data and studying it for deriving out crucial findings.
