E-Governance Policy

To be recognized nationally and internationally, every educational institution must have a good E-Governance Policy, a good Governance Document, and good Governance Initiatives. BITS has established an excellent E-Governance Document and has been implementing several good E-Governance initiative to maintain and make its mark as one of the country's Institutes of Excellence among the Higher education institutions. For the system to run smoothly, governance must be made inclusive, participatory, accountable, and transparent.

Objectives:

1. Incorporate e-governance into several departments of the organization.
2. To enhance the effectiveness of operations.
3. To encourage transparency and accountability.
4. To eliminate the use of paper in office administration.
5. To facilitate internal and external communication among the various departments of the institute connected through internet.
6. To ensure easy accessible information.

Policy:

E- Governance is implemented in the following areas:

1. Planning and development
2. Administration
3. Finance and Accounts
4. Student admission and support
5. Examination

E-Governance must be followed inorder to create an honest and effective governance system within the institution.

Website: The website must be functioning and reflect the operation of the institution, Offers an easy access to information on all activities, changes, and other important information to the visitors. For updating information, maintaining and working of website, the institution needs a service provider and system administrator.

Student Admissions: College admissions portal will be used to manage the number of students applying for each course, withdrawals, and fee submission. The administrative officer updates the site with the students' admission information.

Accounts: Tally software is used to keep track of finances and accounting. Appropriate security measures should be adopted to ensure transaction confidentially. BITS employs a variety of software tools, including e-cap, focus on education to manage finances. Existing workers must be trained, and existing software must be updated on a regular basis. For financial management, the office will continue to use Tally solutions.

Examination: BITS is affiliated to JNTUK. Hence all examinations are conducted as per the notification given by JNTUK. Admissions, attendance, Exam registrations, hall tickets, and marks uploading will be completed via JNTUK website. The college exams in charge is responsible for managing the entire examination process under the supervision of the principal, and while handling examinations, secrecy and confidentiality is maintained, and work will be completed with great care and attention. On e-cap is a private portal maintained by college for the purpose of student details, attendance and internal marks.

The principal has the authority to make reasonable choices and appoint people to carry out the policy.
