CIRCULAR

Sub: A Five Day Workshop on Necessity of Enhancing Energy Efficiency in the Present Scenario to be held on 14.12.2016 to 21.12.2016-Reg.

All the EEE students are hereby informed that **A Five Day Workshop on Necessity of Enhancing Energy Efficiency in the Present Scenario** program is going to be organized by the Department of Electrical and Electronics Engineering on 14.12.2016 to 21.12.2016.

In this regard the students who are interested to participate in this program are suggested to enroll their names at the respective department program Coordinator.

A FIVE DAY WORKSHOP ON NECESSITY OF ENHANCING ENERGY EFFICIENCY IN THE PRESENT SCENARIO

OBJECTIVE

Objective of the Program This program introduces the concept of energy efficiency and some approaches together with the associated technologies to achieving higher energy efficiency for both energy supply and demand. It seeks to inform the students/faculty members about the real benefits which energy efficiency measures can unlock and aid the students/faculty members to understand why energy efficiency is a high priority in supporting greater sustainable energy supplies for development. By using energy more efficiently, we can maximize the effective use of available resources for the economic benefit of their populations.

Aim

The aim of the present workshop is as follows:

- To introduce the concept of energy efficiency and how it may be applied for carrying out all types of energy-dependent activities, such as manufacturing products, heating/cooling buildings and transporting freight/passengers by rail;
- To indicate the benefits attainable by improving energy efficiency in both supply and demand;
- To outline a range of approaches to achieve increased levels of energy efficiency;
- To outline the typical barriers to enhanced energy efficiency.

OUTCOMES

The present workshop attempts to achieve the following learning outcomes:

- To be able to define energy efficiency in all sectors of the economy;
- To understand the energy supply-demand chain;
- To appreciate the means of increasing energy efficiency throughout the supply chain and at the level of the energy consumer who is undertaking a specified activity;
- To appreciate the range of approaches and technologies available;
- To understand the typical barriers to achieving higher energy efficiency.

REPORT ON A FIVE DAY WORKSHOP ON NECESSITY OF ENHANCING ENERGY EFFICIENCY IN THE PRESENT SCENARIO

Name of the programme: **A Five Day Workshop on Necessity of Enhancing Energy Efficiency in the Present Scenario**

Resource Person: Mr.R V Ramana Rao
Retd. Superintending Engineer from APEPDCL

A Five Day Workshop on Necessity of Enhancing Energy Efficiency in the Present Scenario at BABA Institute of Technology And Sciences from 14th to 21th December 2016. The session was handled by the Retd. Superintending Engineer from APEPDCL Mr. V Ramana Rao

Today, the local, regional and global negative effects of the traditional energy production and consumption technologies on the people, environment and natural resources have come to a serious state. In order to ensure the sustainable development and protect natural balance, it is vital to provide energy from consistent, safe, cheap, clean, good quality and domestic energy resources and use it efficiently. It is important to monitor eco-friendly energy efficiency policies for the economic development and progress of countries. Sustainable economic development based on energy efficiency should form the basis of energy policies of countries. If countries increase their economic activities by improving their environmental performance, they can reach a good level of energy efficiency. As long as the balance between economic growth and energy consumption is balanced, the energy efficiency of countries will increase. Energy efficiency has become important for the countries to provide sustainable development. Especially for reducing CO2 emission and effects of the climate change, energy efficiency has a key role for the energy efficiency.

This workshop enhances the practical knowledge of students to empower them with the recent developments in the core field and also to provide with a fair idea of the work environment at the power station.

Sub: Request for approval for organize workshop on Financial Education by SEBI - Reg.

Respected Sir,

This is to bring to your kind notice that the Department of Management Studies is planning to organize "workshop on Financial Education by SEBI" as on the date: 20-09-2016, which will provides knowledge to students on stock market investments.

Hence. We request you to accept our approval for conducting an event.

Yours faithfully

P. Sanjay.

REPORT

- Financial education is important for many reasons. One main reason is that financial responsibility is increasing. Today, many people must manage their retirement accounts, student debt, mortgage debt, and online trading accounts, among others.

Description

- Financial education consists of several financial components and skills that allow an individual to gain knowledge regarding the effective management of money and debt.
- To become financially literate, an individual must learn about key components in regards to investing. Some of the components that should be learned to ensure favorable investments are interest rates, price levels, diversification, risk mitigation, and indexes.
- Gaining knowledge about the different forms of taxation and how they impact an individual's net income is crucial for obtaining financial literacy. Whether it be employment, investment, rental, inheritance, or unexpected, each source of income is taxed differently.

SEMINAR OBJECTIVES:

1. Understand the financial decisions.
2. Understand the stock market fluctuations.
3. Inculcating the habit of stock market investment.

SEMINAR OUTCOMES:

1. Ability to make better financial decisions.
2. Effective management of money and debt.
3. Greater equipped to reach financial goals.
4. Reduction of expenses through better regulation.
5. Less financial stress and anxiety.

DEPARTMENT OF MECHANICAL ENGINEERING

Date: 20-07-2016

MINUTES OF MEETING

BITS/MECH/25/2016-17/1

Minutes of Meeting held of Workshop Conducting in Department of Mechanical Engineering on 20-07-2016 at 04.00 P.M.

Topics discussed in the meeting:

- **Work shop Event:** The Mechanical Department is going to conduct Two - day National Workshop on "Recent Innovations in Engineering and Technology" on 29th & 30th July, 2016
- **Patron:** Dr. N. Victor Babu Er. L.V.Revathi are appointed as an event coordinators.
- **Director:** A.S. Bhanu Prasanna is appointed as an Event Director.
- **Convener:** Mr. Ch. Venkat Rao, Assoc. Prof., Mechaninical Dept. appointed as Convener
- **Allocation of the co-coordinator:** Mr. S.K. Hyder Ali & Mr. A. Subhrmanyam are appointed as Event Co-ordinators.
- **Treasurer:** Mr. S. Ananth, Asst. Prof., Mech Dept. take position of Tresurer.
- **Resource persons:**

  Chief Guest for Valedictory Function On 30th of July 2016
  Dr. A. Gopala Krishna, M.Tech.,Ph.D.,MIE
  HOD, Department of Aviation Engineering & School of Nano Technology
  (Professor of Mechanical Engineering, JNTU Kakinada)

- **Distribution the event works:** The workshop works are distributed to all the faculty members to conduct this event in a smooth way.

20/7/16.

FAX: 0891 – 2568811
Email:hodme@bitsvizag.com, Website: www.bitsvizag.com

ABOUT THE INSTITUTION :

Baba Institute of Technology and Science vizag is a self-financing co-educational institution established in the year 2008with all the necessary Infrastructural facilities. The college is approved by the AICTE ,New Delhi and is affiliated to JNTU Kakinada and Accredited by NAAC. The institution has completed eight years of dedicated and excellent service in the field of technical education

The vision of this college is to provide a wide range of academic and research programmes and strive to develop a world class centre of excellence for learning. An Industry Partnership Cell and Entrepreneurship Development Cell have been established to expose scholars to the industrial sectors and these are supported by funds from AICTE. The college has signed Memorandum of Understanding with reputed industries and universities in abroad for technical collaboration.

ABOUT THE DEPARTMENT :

The Department of mechanical engineering at Baba institute of technology and sciences, has a top-level quality assessment rating for teaching, and reputation for research.It was established in the year 2010 with in intent of raising highly qualified engineers and researchers who can make substantial contribution to the field of mechanical engineering. The department has strength of students guided by a term of devoted and diligent staff members.

Under Graduate and post Graduate programmes are offered by the department. The PG programme includes Design in two shifts.The department has well equipped laboratories such as CAD/CAM, Industrial robotics, geometric modelling, special manufacturing processes & digital IC and mechanical laboratories.

REPORT

The department of mechanical engineering conducted a two-day national workshop on "Recent Innovations in Engineering and Technology" on 29th and 30th July 2016. The workshop has provided a forum for students and academicians to conceptualize and articulate new and emerging ideas and solutions from the technological, empirical and theoretical perspectives. 60 participants actively participated in the workshop. Dr. A. Gopal Krishna, M.Tech, Ph.D, MIE Delivered a guest lecture in which he talked about emerging trends in Aviation engineering. He also discussed about recent innovations, trends, experiences and concerns in the field of mechanical engineering.

Outcomes:

1. Faculties were provided a range of research topics in mechanical engineering.
2. Students learnt about various trends in mechanical engineering.
3. Students had fruitful interaction with the resource person
4. Students came to know about various job opportunities in Aviation engineering.
