A REPORT ON

A FIVE-DAY TRAINING PROGRAMME

ON

OPEN-SOURCE SIMULATION SOFTWARE-SCILAB

Event Name: OPEN-SOURCE SIMULATION SOFTWARE-SCILAB

Duration :5 Days

Date : 25th October,2021 to 29th October, 2021

Venue : ECE Department, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the non-teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- Understand the significance of Computational tools.
- Understand and apply SCILAB as computational tool.
- Apply SCILAB for solving complex models in circuit domain.
- Apply SCILAB foe Real-time control.
- Understand how to be a contributor to the Open source community.

EVENT BROCHURE

A TRAINING PROGRAMME on

Open-source simulation software-SCILAB

25th – 29th October 2021

Organized by the
DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING
BITS-VIZAG

Overview of the Training Program:

This program is designed to provide training to the non-teaching staff on Sci-lab, which is a free and open-source, cross-platform numerical computational package and a high-level, numerically oriented programming language. With corresponding toolboxes, Sci-lab is useful for technical staff of different engineering branches.

Organizing Committee:

Mr. P.Ganesh, Assistant Professor.

Mrs. Ch.H.H. Komali, Assistant Professor.

Expected Audience:

Non-Teaching Staff of All the departments of BITS-Vizag.

Objectives of the Training Program:

To facilitate the learner to

- Understand the significance of Computational tools.
- Understand and apply SCILAB as computational tool.
- Apply SCILAB for solving complex models in circuit domain.
- Apply SCILAB for Real-time control.
- Understand how to be a contributor to the open source community

Topics to be covered:

- SCILAB - Free Open Source Simulation tool and its key features
- Real Time application control using SCI lab

MADHURAWADA
VISAKHAPATNAM - 530 048

Faculty organizing committee:

1. M.RAVI KISHORE, Assistant professor
2. P.GANESH, Associate professor

DESCRIPTION:Scilab is an engineering tool,it is capable of numerical computations,data analysis and ploting,system modelling.

TOPIC: **Faculty development program on "SCILAB"**

Faculty development program on "SCILAB"

The Resource person, **Dr.D.Raja Kishore**, Professor from Dr.L.B.Bulllayya College.

- It can be used for signal processing
- Satistical analysis
- Image enhancement,fluid dynamics simulations, numerical optimization.

5. M. RAVI KISHORE, Associate professorDESCRIPTION:

TOPIC: Introduction about Teaching Methodologies

INTRODUCTION ABOUT TEACHING METHODOLOGIES

The Resource person,**Dr.L.S.S.Sastry**, Professor of Department of Mechanical Engineering demonstrated the importance of Teaching methodologies

Teaching is one of the main components in educational planning which is a key factor in conducting educational plans. Despite the importance of good teaching, the outcomes are far from ideal. The present qualitative study aimed to investigate effective teaching in higher education in Iran based on the experiences of best professors in the country and the best local professors of Isfahan University of Technology.

Outcome:
After completion of the FDP, the faculty members well known about

- The ultimate outcome of effective instruction is that **students become lifelong learners**.
- To become lifelong learners, students must learn both content and how to learn independently.
- Neither is not possible nor is it the responsibility of education to teach everything that the students need to know.

DESCRIPTION:It allow staff to share information effortlessly, increasing productivity and efficiency.

TOPIC: **Training programming on "computer networking"**

The Resource person,

Dr. PAVAN SATISH,

Professor, Department of CSE, BITS-VIZAG

Demonstrated about the computer programming

- Ease of accessibility. Modern computer networks are easy to explore
- Convenient Resource sharing
- To gain valuable skills in computer networks (switching,routing) system

Outcome:
After completion of the training program, the faculty members will be

- Resource sharing.
- Recognize computer networks.
- List of computer network technologies.
- Explain the mission of each computer network.
- Recognize essential computer network protocols.

A PROGRAM REPORT ON

An FDP on "R PROGRAMMING"

Event Name : A FDP on "R PROGRAMMING".

Duration : 5 Days

Date : 12-08-2020 to 19-08-2020

Venue : Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching staff of the computer science department of Baba Institute of Technology & Sciences, Visakhapatnam.

Coordinators

1. K.S.N.MURTHY, Assistant professor
2. S. DURGA PRASAD, Associate professor

Course Objectives:

In this course, you will learn about:

- The basics of statistical computing and data analysis
- How to use R for analytical programming
- How to implement data structure in R
- R loop functions and debugging tools
- Object-oriented programming concepts in R
- Data visualization in R
- How to perform error handling

DEPARTMENT OF COMPUTER SCIENCE &ENGINEERING

Ref: BITS/CSE/2020/01

Date: 06.08.2020

CIRCULAR

This is to inform that IQAC is going to conduct a FDP on "**One week Global faculty development program on R-programming**" and the details are as follows. In this regard all the faculty members are instructed to attend the session without fail.

Date :12.08.2020 to 19.08.2020
Timings : 10.30 AM to 1:30 PM (Forenoon)
3 PM to 4.30 PM (Afternoon).
Session breakup : Process explanation - 04-30 min
Q&A session – 10-15 min
Venue : Seminar Hall

PRINCIPAL

To

1.The HODs of all Departments

2.Administrative office, Central Library, Other functional units and Hostels

Secretary & Correspondent, for information

PRINCIPAL
Baba Institute of Technology and Sciences
Bakkannapalem (V), Madhurawada (P)
Visakhapatnam

Topics discussed:

- Exploring R Language
- Setting Up R Environment with RStudio
- Implementing Expressions
- Essentials Data Structure in R
- Implementing Strings in R
- Performing Statistics with R
- Visualizing and Analysing Data in R
- Object-Oriented Programming in R
- Implementing Data Interfaces in R
- Errors Handling
- Improving the Performance
- Interacting with Other Languages
- Executing Your Own R Functions
- Practice Labs

Course Outcomes

After competing this course, you will be able to:

- Explain critical R programming concepts
- Demonstrate how to install and configure RStudio
- Apply OOP concepts in R programming
- Explain the use of data structure and loop functions
- Analyse data and generate reports based on the data
- Apply various concepts to write programs in R

A REPORT ON

"One week Faculty development Program on Python programming"

Event Name: A FDP on "One week Global faculty development Program on Python programming"

Duration: One week program

Date: 12-08-2020 to 19-08-2020

Venue: Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- Python is a computer programming language often used to build websites and software, automate tasks, and conduct data analysis.
- Python is a general-purpose language, meaning it can be used to create a variety of different programs and isn't specialized for any specific problems.

Faculty organizing committee:

1. K.S.N.MURTHY, Assistant professor
2. S. DURGA PRASAD, Associate professor

CIRCULAR

This is to inform that the department of CSE is conducting a session on "**One week Faculty development Program on Python program** " and the details are as follows. In this regard all the faculty members are instructed to attend the session without fail.

Date : 11.08.2020 to 16.08.2020
Timings : 10.30 AM to 11 AM (Forenoon)
3 PM to 3.30 PM (Afternoon).
Session breakup: Process explanation - 15-20 min.
Q&A session – 10-15 min
Venue : Seminar Hall & Computer Laboratory, CSE Department

Faculty organizing committee:

1. K.S.N.MURTHY, Assistant professor
2. S. DURGA PRASAD, Associate professor

Note: The faculty members shall attend any of the sessions according to their convenience and without disturbing their academic works.

PRINCIPAL

To

HODs of all Departments – to be informed to all their faculty

Copy to Secretary, BITS for information.

DESCRIPTION:

TOPIC: Introduction about **Global faculty development on Python program**

Demonstrated the concept of python programming followed by handson sesson and programming basics online.

- Python is a computer programming language often used to build websites and software, automate tasks, and conduct data analysis.
- Python is a dynamic, interpreted (byte code-compiled) language.

Outcome:

After completion of the training program, the faculty members will be

- The course is designed to provide basic knowledge of python.
- Python programming is intended for software engineers, system analysts, program managers and user support personnel who wish to learn the python programming language.
- Problem solving and programming capability

Spoken Tutorial Project at IIT Bombay

Certificate of Participation

NATIONAL MISSION ON TEACHERS AND TEACHING

This is to certify that PARESH TANNA has participated in Faculty Development Programme from 2020-08-12 to 2020-08-19 on Python 3.4.3 organized by Baba Institute of Technology & Sciences with course material provided by Spoken Tutorial Project, IIT Bombay

Prof. Kannan M Moudgalya
IIT Bombay

Spoken Tutorial is a project at IIT Bombay, started with funding from the National Mission on Education through ICT Ministry of Education (previously MHRD), Govt. of India

A REPORT ON

Faculty development program on "SCILAB"

Event Name: Faculty development program on "SCILAB"

Duration: 5 Days

Date: 12-08-2020 to 17-08-2020.

Venue: Seminar hall, Baba Institute of Technology & Sciences, Visakhapatnam.

Participants: All the teaching staff of all the departments of Baba Institute of Technology & Sciences, Visakhapatnam.

Objectives:

- To group the community of developers to turn SCILAB into a platform to integrate all scientific advances in scientific computations, simulation and automatic control.
- SCILAB is a software package providing a powerful open computing environment for engineering and scientific applications.

CIRCULAR

This is to inform that department of ECE is conducting a session on **"Faculty development program on "SCILAB"** " and the details are as follows. In this regard all the faculty members are instructed to attend the session without fail.

Date	:12.08.2020 to 17-08-2020
Timings	: 10.30 AM to 11 AM (Forenoon) 3 PM to 3.30 PM (Afternoon)
Session breakup	: Process explanation - 15-20 min Q&A session – 10-15 min
Venue	: Seminar Hall

PRINCIPAL

To

The HODs of all Departments
Administrative office, Central Library
Secretary & Correspondent, for information

Outcome:

After completion of the training program, the faculty members will be

- Solving low-level scientific computation..
- Open source format, extensive tools, and great support base.
- High level programming language allowing access to advanced data structures.
