REF: Our last year association with you as a Keynote Speaker of ICMSEA 2017

Greetings from BITS Vizag !

Baba Institute of Technology and Sciences (BITS), Visakhapatnam in association with Centurion University of Technology and Management (CUTM) A.P and Odisha successfully conducted International Conference on Mathematical Sciences and Engineering Applications (ICMSEA) during 22-24 Dec 2017. Quite a good number of professors, researchers, research scholars from reputed institutes in India and abroad participated, and 189 (out of 450 received) research papers were published in reputed UGC approved International Journals.

Upon our invitation you graced the inaugural function as Keynote Speaker. Three Vice Chancellors of reputed universities like JNTU Kakinada, Andhra University, Visakhapatnam and Centurion University graced the occasion as distinguished guests.

Based on the successful organization of the conference, this year also we would like to repeat the same during 20-22nd December 2018 (brochure enclosed). This time we are associating with Centurion University AP and Odisha, Kaziranga University, Assam and University of Perpetual Help System, Philippines in organizing the conference.

We would like to seek the association of your esteemed Pushpa Publication House Journals (UGC approved and Scopus indexed) for publishing the accepted research papers the International Conference. We are expecting 500 research papers for publication and we assure you to publish majority of the accepted papers in your journals.

We also humbly request you to be a Keynote speaker once again in our ICMSEA-2018 along with your better half.

We will take care of your travel and accommodation.

Awaiting your acceptance.

Ref: Our telephonic discussion dated 31st July 2018

Greetings from BITS Vizag !

To introduce with, Baba Institute of Technology and Sciences (BITS), Visakhapatnam a premiere engineering college in coastal Andhra Pradesh, successfully conducted ICMSEA (International Conference on Mathematical Sciences in Engineering Applications) 2016 & 2017 in association with Sri Venkateswara University (SVU), Tirupati and Centurion University of Technology and Management, Odisha respectively. We are glad to inform that in the success saga, to cap another feather in its crown, we are going to organize ICMSEA 2018 during 20-22 December 2018.

We are boosted for the tremendous response of number of professors, researchers, research scholars from reputed institutions in India and abroad who participated in the preceding conferences. Also we received decent no. of quality research papers which got published in International Journals.

To share with, we could attract eminent personalities who attended the conferences and made their lively presence commendable.

In continuation, we would like to opine in partnering with your esteemed institution this time and in this regard, we would like to mention few mutual benefits which both the partnering institutions could derive in conducting the conference.

1. In our collaboration, your faculty will be able to publish more no. of papers.
2. Your faculty will gain more exposure in organizing International conferences
3. Association in organizing international conferences will help in NBA, NAAC accreditation process.
4. All expenditure in hosting the conference at BITS Vizag will be borne by hosting institute.

Let me appreciate your sincere efforts in executing MoU between our institutions in the month of March 2018.

Hence we hereby look forward for your association with us in making the event grand success.

We are enclosing the brochures of ICMSEA 2016 & 2017 for your kind perusal.

Awaiting your acceptance.

ICMSEA REPORT

Visakhapatnam, Dec 2018: A three-day International Conference on Management, Sciences, Engineering and Applications (ICMSEA) – 2018 is being organized at Baba Institute of Technology and Sciences (BITS) at its college premises in Pothinamallayya Palem from December 20 to 22, here. ICMSEA is a leading forum for the presentation of new advances and research in areas of management, sciences, engineering and applications. (ICMSEA) – 2018 brings together leading researchers, engineers and scientists from around the world.

Chief Guest for the opening ceremony Prof. M. Ramalinga Raju, Vice-Chancellor, JNTUK, Kakinada spoke about engineering and application. Distinguished guests including Prof. G. Nageswara Rao, Vice-Chancellor, Andhra University, Prof. G.S.N. Raju, Vice-Chancellor, CUTM – AP, Dr. K.V. Ramana, Vice Chairman, APSAC and Mr. P. Balachandra Rao, GM, RINL spoke on Management, Sciences, Engineering and Applications.

Academicians and researchers from India, Philippines, Australia, Ethiopia, Uzbekistan and Bangladesh are participating in the event. A total of twenty one delegates from different universities will make keynote speeches at conference during the three days. A workshop on research methods will be conducted by Prof. Mamun Habib of BRAC Business School, Bangladesh.

A total of 296 research papers have been received for presentation at the event and 217 have been accepted. These papers will be later published in SCOPUS-Indexed and UGC-approved journals. An exhibition and presentation on 'India's launch of 104 satellites and working of the satellites' will be conducted by the National Remote Sensing Centre (NSRC), Hyderabad, here during the conference.

Chief Guest for the opening ceremony Prof. M. Ramalinga Raju, Vice-Chancellor, JNTUK, Kakinada spoke about Management, Sciences, Engineering and Applications. Distinguished guests including Prof. G. Nageswara Rao, Vice-Chancellor, Andhra University, Prof. G.S.N. Raju, Vice-Chancellor, CUTM – AP, Dr. K.V. Ramana, Vice Chairman, APSAC and Mr. P. Balachandra Rao, GM, RINL spoke on Engineering and Applications.

REPORT ON TWO DAY WORKSHOP ON FUEL CONSERVATION IN ASSOCIATION WITH PETROLEUM CONSERVATIVE RESEARCH ASSOCIATION (PCRA)

Name of the programme: Workshop on Fuel Conservation in Association with Petroleum
Conservative Research Association (PCRA)

Resource Person: Dr.Niranjan Kumar Singh
Executive director PCRA

A Two days workshop was organized on the theme 'Fuel Conservation in association with Petroleum Conservative Research Association (PCRA)' at BABA INSTITUTE OF TECHNOLOGY AND SCIENCES from 15th to 16th February 2019. The workshop was conducted by Mrs Mudundi Vaidehi, BITS Engineering College in collaboration with Petroleum Conservation Research Association (PCRA), Ministry of Petroleum & Natural Gas, and Government of India. The session was handled by the Local Advisory Committee (LAC) of Dr.Niranjan Kumar Singh Executive director PCRA.

The primary aim of organizing such a workshop was making oil conservation a national movement. As part of its mandate, PCRA is entrusted with the task of creating awareness amongst the masses about the importance, methods and benefits of conserving petroleum products & emission reduction. To take the message to the people, PCRA uses all possible and effective media for mass communication. These include electronic and press media e.g. TV, Radio, Electronic displays; Press at the National and State level printed literature for specific target groups; outdoor publicity through Hoarding, Bus panels, Kiosks, Balloons, Banners Tran-sliders etc. and therefore course (for the workshop) was designed by the coordinators (Asst. Professor Mr.K Venkateswara Rao) to achieve the same. In tune with the primary aim objectives of the workshop were devised as:

- To formulate strategies and promote measures for accelerating conservation of petroleum products leading to environment protection, energy security and sustainable development.
- To create awareness among masses about the importance, benefits and methods of conserving petroleum products and clean environment by enhancing information and capacity building.

As per the schedule, the workshop began on 15th February 2019 sharp at 9.00 a.m. with a welcome address by Prof. Dr.C.V.Gopinath whereby he made the participants aware about the theme of the workshop, and the rationale behind it in social context. He further gave a brief overview of the two days' workshop to the participants to add more clarity to the participants apart from familiarity.

Objectives

- To formulate strategies and promote measures for accelerating conservation of petroleum products leading to environment protection, energy security and sustainable development.
- To create awareness among masses about the importance, benefits and methods of conserving petroleum products and clean environment by enhancing information and capacity building.
- To promote research, development and deployment efforts aimed at petroleum conservation and environment protection, support and facilitate efforts for adoption and dissemination of fuel efficient technologies and substitution of petroleum products with alternate fuels and renewables. To establish synergistic institutional linkages at the national and international levels in the areas of petroleum conservation and environment protection.
- To provide training and technical advisory services, designed to achieve economy and efficiency in the use of petroleum products for cleaner environment.
- To function as a 'Think Tank' to the Government of India for proposing policies and strategies on petroleum conservation and environment protection aimed at reducing excessive dependence on oil.

SEMINAR ON "STARTUPS AND STANDUPS" ON DATED:16-04-2019

REPORT

The speaker explained that the Startups are emerging companies with a small but very agile and brilliant structure, the result of groundbreaking ideas with which entrepreneurs want to change the world. They have a scalable business model, adopting technology and innovation as the basis for their growth. The difference with respect to an SME lies not only in their capacity to innovate, but also in their flexibility to adapt to changes and in their customer focus.

Start-up India and Stand-up India schemes were introduced by the Indian government to boost innovation. These programs are in to create a robust ecosystem for the Startups.

Objective of the seminar:

1. Create knowledge among students about startups
2. Create knowledge in generating business ideas in student's community.
3. Provide knowledge among the students that to start their startup
4. Provide required knowledge that how to turn a startup as a standups.

Outcome of the seminar:

1. Students could understand the concept of startups ad standups
2. Students can able to generating business ideas.
3. Students can able to start their own startup.
4. Students can able to generate employment opportunities.

WORKSHOP FOR BEGINNERS

PYTHON
Python is an object oriented, high level programming language with dynamic semantics. Its easy to learn syntax emphasizes readability and therefore reduces the cost of program maintenance.

R Prog
R is a programming language and free software environment for statistical computing and graphics. It is widely used among statisticians and data miners for developing statistical software and data analysis.

REPORT

Python and R are both free, open-source languages that can run on Windows, mac OS, and Linux. Both can handle just about any data analysis task, and both are considered relatively easy languages to learn, especially for beginners.

Description:

- Python is a high-level, general-purpose programming language known for its intuitive syntax that mimics natural language. You can use Python code for a wide variety of tasks, but three popular applications.
- A high-level programming language features a syntax that is easy for humans to read and understand. Low-level languages are those that can be easily understood by a machine.
- Examples of high-level languages include Python, C++, C#, and Java.
- R is a software environment and statistical programming language built for statistical computing and data visualization.
- Both Python and R are considered fairly easy languages to learn. Python was originally designed for software development.
- If you have previous experience with Java or C++, you may be able to pick up Python more naturally than R. If you have a background in statistics, on the other hand, R could be a bit easier. Overall, Python's easy-to-read syntax gives it a smoother learning curve.
- R tends to have a steeper learning curve at the beginning, but once you understand how to use its features, it gets significantly easier. Around 130 students attended the program.

OBJECTIVES:

1. Students learn what is the important of R & Python
2. Gaining knowledge how to make use of R & Python in ML, DL, AI
3. How to get into placements
4. How can we develop apps or required thing using this programming system

OUTCOMES:

1. The main outcome for this seminar is awareness on R & Python
2. The career opportunities now everyone have to learn Python programming language
3. The speakers spoke about career options on coding

Sub: SEMINAR ON FUTURE SCOPE OF CIVIL ENGINEERS
21TH DECEMBER 2018

Respected Sir,

The department of CIVIL has decided to conduct SEMINAR ON FUTURE SCOPE OF CIVIL ENGINEERS 21TH DECEMBER 2018. Two distinguished guests and one speaker will grace this event. In this regard we request you to permit us, to utilize seminar hall. And also we request your kind cooperation to make this event a success by your kind presence and support by granting us a memento, Shawl and Banners for publicity.

Thanking you!

Yours faithfully
