Dear Sir,

SUB: Request for Collaboration in ICMSEM-2017- Reg

REF: Our meeting on 17th July 2017

Greetings from BITS Vizag !

Nice talking to you on 17th July 2017 (Monday) in your office. As per your directions, we met the HOD and staff of Department of Mathematics of your esteemed university and discussed about the conference.

In continuation of our discussions regarding conducting International Conference, we would like to submit the mutual benefits in conducting the conference at our institute.

1. With JNTUK, UCEV collaboration officially, we can get more participation from JNTUK affiliated colleges.
 2. The collaborating institutes faculty will get more exposure in organizing international conferences
 3. Association in organizing international conferences will help in NBA, NAAC accreditation process.
 4. All expenditure in hosting the conference at BITS Vizag will be borne by hosting institute.
- Based on the successful organization of the international conference in association with Sri Venkateswara University (SVU) last year, we would like to repeat the same in the month of December 2017. We would like to seek the association of JNTUK, UCEV for conducting the International Conference on Mathematical Sciences, Engineering and Management (ICMSEM) 2017.

Awaiting your acceptance.

Thanking you,

With regards,

(Dr.C.V.Gopinath)

Dear Sir,

SUB: Request for Collaboration in ICMSEM-2017- Reg
REF: Our telephonic discussion on 24th July 2017

Greetings from BITS Vizag !

Baba Institute of Technology and Sciences (BITS), Visakhapatnam in association with Sri Venkateswara University (SVU) Tirupati successfully conducted International Conference on Mathematical Sciences and Engineering Applications (ICMSEA) during 23-25 Dec 2016 (previous brochure enclosed). Quite a good number of professors, researchers, research scholars from reputed institutes in India and abroad participated, and 221 (out of 440 received) research papers were published in International Journals.

Upon our invitation yourself graced the inaugural function as Chief Guest. Mr.M.P.Dubey, Director STPI, SEZ, Vizag shared the dais as Guest of Honor.

Professor from IIT Mumbai, IIT, Kharagpur, IIT Dhanbad, IIT Hyderabad, BITS Hyderabad and SV University from India, Professors from Central Queensland University, University of Botswana from abroad attended as keynote speakers.

Research scholars from Adikavi Nannaya University, Acharya Nagarjuna University, Sri Krishnadevaraya University, Satavahana University, Andhra University, Nanded University, Marathwada University, Amaravati University, VIT University, Centurion University presented papers.

Based on the successful organization of the conference, this year also we would like to repeat the same in the month of December 2017. This time we would like to seek the association of your esteemed university for conducting the International Conference.

In continuation of our discussions regarding conducting International Conference, we would like to submit the mutual benefits in conducting the conference at our institute.

1. With ITM University collaboration officially, we can get more participation from ITM group colleges.
2. The collaborating institutes faculty will get more exposure in organizing international conferences
3. Association in organizing international conferences will help in NBA, NAAC accreditation process.
4. All expenditure in hosting the conference at BITS Vizag will be borne by hosting institute.

Awaiting your acceptance.

Thanking you,

Dear Sir,

It gives us great pleasure in offering you a warm invitation to extend your services to the Prestigious 2ND International Conference on Mathematical Sciences in Engineering Applications to be held at BITS VIZAG, Visakhapatnam, India from December 22nd-24th. We are expecting delegates from different nations all the way from United States, Europe and Australia. We are expecting a number of 3000 participants during the conference proceedings.

We are thankful to you for the WI-FI establishment in our campus already. In accordance to the above event, we would be happy to have RELIANCE JIO as our **DIGITAL PARTNER** with your prior permission. It would be kind to request you for Complimentary **UNLIMITED WI-FI** for 4 Days, i.e from 21st to 24th.

A kind **ACCEPTANCE** from your establishment would provide few bursaries and awards to enable young talents to attend this event. Your wise efforts will be cherished.

We look forward to see your benign presence with your active contribution and support to make this event successful. Your early response would be greatly appreciated as it shall enable us to make final announcements in time.

Sincerely Yours,

Dr. C. V. Gopinath

Minutes of Executive Board Meeting (ICMSEA) – PRINCIPAL'S CHAMBER 3:00PM

Members Participated:

S. No	Name	Designation
1	Dr. C. V. Gopinath	Principal (Chairman – ICMSEA)
2	Dr. N. Victor Babu	HOD – CE
3	Mr. T. Kiran Kumar	AO
4	Mr. M. Sai Ganesh	HOD – EEE
5	Mrs. A. S. Bhanu Prasanna	HOD – MECH
6	Mr. B. Siva Prasad	HOD – ECE
7	Mr. J. Ratna Kumar	HOD – CSE
8	Mr. P.B. N. Kiran	HOD – MBA
9	Mr. D. N. Murthy	HOD – BS&H
10	Dr. G. N. P. V Babu	Executive Member
11	Mr. Chakrapani	Executive Member
12	Mr. Venkateshwara rao	Executive Member
13	Ms. Hepsiba Seeli	Executive Member
14	Mr. Pradeep	Executive Member
15	Mr. Joshua Raju	Executive Member
16	Mr. V. Prasad	Executive Member
17	Prof. Ashok Mishra	Dean - CUTM
18	Dr. K. R. R. Gandhi	Organizing Secretary

The Minutes of the meeting are as follows: -

Initially, the Principal Dr. C. V. Gopinath introduced Prof. Ashok Mishra, Dean – CUTM, the Convener of ICMSEA 2017 to all the board members in the chamber.

Similar conversations regarding the successful implementation of ICMSEA-2016 were recollected once again. Despite organizing for the 1st time, the way the program was carried out and the dedication levels given by the faculty body were praised.

VISAKHAPATNAM - 530 048

The Progressive Steps are as follows: -

1. In addition to the conference being organized, 3- Value additions were made to the ICMSEA-2017. They are: -
 - Pre-Conference Workshop.
 - Poster Presentation.
 - Scopus Indexed Journal.
2. Fee Details for the above-mentioned additions are discussed as follows

Pre-Conference Workshop	Rs 500/-
Poster Presentation	Rs 1500/-
Conference Participation (Inclusive of 3 Days)	Industry Participant – Rs 3000/- For Faculty and Research Scholar: - Early Bird Registrations – Rs 2000/- Normal Registrations – Rs 2500/-

3. A 4-Member Committee was formed to look forward for the addition of Scopus Indexed Journals to the Conference Publications hereon. The members are as follows: -
 - Dr. N. Victor Babu
 - Mr. D. N. Murthy
 - Mr. S. Prasad
 - Ms. Hepsiba Seeli
4. The Committee is hereby responsible for finding 2 Scopus Indexed Journals on / before 29th of this month.
5. Once the committee confirms and affirms the complete information about the Scopus indexed journals, the rough draft of the Brochure will be prepared by 3rd October 2017.
6. After finalizing and scrutinizing, the final draft of the Brochure will be printed by 5th October 2017.
7. The 2nd Executive Meeting will be held at CUTM on a day between 11th-13th October 2017. The date will be intimated by Prof. Ashok Mishra in advance.

ICMSEA-2017

Minutes of the 2nd Executive Members of ICMSEA held at Conference Hall, CUTM, Paralakhemundi on 13th October, 2017.

Members Participated:

Sl.No.	Name	Designation
1.	Prof. Anita Patra	Registrar, CUTM, Odisha
2.	Prof. P. Pallavi	Registrar, CUTM, Andhra Pradesh
3.	Prof. M. L. Narasimham	Dean, Academic Affairs
4.	Prof. B. P. Mishra	Dean, SoET, CUTM, Paralakhemundi
5.	Prof. S. P. Nanda	Dean(Admin.), MSSSoA, CUTM, Paralakhemundi
6.	Prof. S. K. Biswal	Dean, SoAS, CUTM, Jatni
7.	Prof. P. S. V. Ramana Rao	Dean, CUTM, Andhra Pradesh
7.	Prof. P. S. Rao	Dean, R&D, CUTM, Paralakhemundi
8.	Prof. Prajna Pani	Professor, Deptt. of English, SoM, Paralakhemundi
9.	Prof. Vamshi Krishna	HoD, CSE, CUTM, Paralakhemundi
10.	Prof. Pafulla Panda	HoD, Civil Engg., CUTM, Paralakhemundi
11.	Prof. P. Sunita	HoD, EEE, CUTM, Paralakhemundi
12.	Prof. D. Raghuvir	HoD, Mechanical Engg, CUTM, Paralakhemundi
14.	Prof. Ashok Misra	Dean, SoAS, CUTM, Paralakhemundi Convener, ICMSEA-2017
15.	Dr. G N P V Babu	Co-Convener, ICMSEA-2017, BITS, Vishakhapatnam
16.	Prof. U. V. Ramana	Executive Member, ICMSEA, BITS, Vishakhapatnam
17.	Prof. C. V. Gopinath	Principal, BITS, Vishakhapatnam Chairman, ICMSEA-2017

The Minutes of the meeting are as follows: -

Initially, Prof. Ashok Mishra, Dean CUTM, the Convener of ICMSEA 2017 introduced the members from BITS Vizag to all the board members in the chamber.

The Progressive Steps are as follows: -

1. It was decided to include UGC listed peer reviewed journals for publications.
2. It was decided to include scope for publication in *scopus* listed journals for the authors additional publishing charges.
3. It was decided to postpone the dates of submission, acceptance, intimation and registration by at least one week.
4. It was agreed upon by the two organizations to promote the event at their level.
5. Prof. B.P. Mishra assured to see that at least 60 papers will be submitted from CUTM, Paralakhemundi campus from various departments.
6. It was decided to conduct the next meetings at CUTM, Visakhapatnam Campus and CUTM, Bhubaneswar Campus.

OBJECTIVE

Mathematics seeks out patterns, formulates new conjectures and establishes truth by calculations. It's development has involved an increasing degree of idealization and abstraction of its subject matter. Applied mathematics is closely related to other mathematical sciences, such as scientific computing, computer sciences, operation research, engineering disciplines and management science, statistic, actuarial science and many more. The topics / branches of interest are not limited, but also include the following

ENGINEERING

- Computer Science Engineering
- Mechanical Engineering
- Electrical & Electronics Engineering
- Civil Engineering
- Chemical Engineering
- Architectural Engineering
- Environmental Engineering
- Electronics & Communication Engineering
- Geotechnical Engineering
- Bio Engineering
- Agricultural Engineering

MANAGEMENT

- Human Resource Management
- Operations Management
- Business Analytics
- Marketing Management
- Entrepreneurship
- Banking & Insurance
- Hospitality/Hotel Management
- Financial Management
- Supply Chain Management
- Logistics Management
- Business Law

MATHEMATICAL SCIENCES

- Algebra / Analysis / Applications
- Computational Science & Engineering
- Dynamical Systems & Differential Equations
- Geometry & Topology
- History of Mathematics
- Mathematical and Computational Biology
- Mathematical Education
- Mathematical Physics
- Number Theory and Discrete Mathematics
- Probability Theory and Stochastic Processes
- Fluid Dynamics/Graph Theory

PAPER SUBMISSION

Intended participants are invited to submit their full length paper complying with IEEE standards. It should be send through an e-mail either in .docx/ .doc (or) pdf to icmse@bitsvizag.com. The selected papers will be published free of cost in the following International Peer-Reviewed E-Journal with high Impact factor.

ICMSEA REPORT

The Higher Education Futures Conference was timely and significant in that it came at a time when higher education institutions, higher education systems, governments and education policy planners across the world are grappling with the issues of demographic change, the competition for funds for both teaching and research, the drive for quality assurance and the imperatives for relevance in an ever changing education marketplace striving to meet the needs of both global and local societies and economies.

The International Conference on Management Science Engineering Applications 2017 has provided an opportunity to reflect on what has been happening, to share experiences, perspectives and responses to those challenges and at the same time to give thought to setting the directions for the future. To remain competitive and relevant, higher education institutions must keep up with and respond to the pressures of the rapid and dynamic social and economic changes which are currently evident but, even more importantly, they must show leadership in creating and shaping the future and in preparing our communities and resources to be significant, successful and confident contributors and participants in the changes which are yet to come in the field of technology.

The Conference was significant in that it was the first attempt to bring together the experience and expertise of the more traditional and long established higher education institutions and systems often associated with Philippines, the Bangladesh, the United States and Australia with the rapidly growing and developing newer institutions and systems which are responding to the demographic and economic challenges and aspirations of Asia and ASEAN members.

Mapping and Meeting the Future Demand for Higher Education Setting

The vision for education in Baba Institute for Education (Higher Education and Skills), the tensions of balancing individual and national aspirations and needs at a time of dynamic social, economic and technological change; of achieving and maintaining a skilled workforce which can maintain relevance in a time of rapid change; and in increasing opportunities for learning to meet lifestyle and work demands at a time of reduced resources. The key speakers attention to the ICMSEA-17 which notes that 'high skills (specialist skills) are in high demand, low skills in low demand and medium skills in declining demand due to the growing impact of technology. The stressed the need for the "learner experience [to]

PRINCIPAL
BABA INSTITUTE OF TECHNOLOGY AND SCIENCES
BAKKANNAPELEM (V), P.M. PALEM,
MADHURAWADA
VISAKHAPATNAM - 530 048

be more attuned to the complexity of life". Individual choices must be collectively balanced with serving the nation's best interests. "Higher education" he said "must help young people find their role and direction". Singapore is increasing its participation rate from 30 to 40 per cent, increasing the number of providers and is taking a lifelong learning approach where learning will take place in school and universities and will also be available online, in workplaces and on the job.

CONCLUSION

The Conference concluded with some unfinished business, not least of which is the measurement of learning outcomes, which was in fact the subject of a post-conference workshop attended by a number of the conference delegates as well as other experts. The conference it should be recalled, had sparked the interest for such measurement, especially among government funding bodies keen to better know and benchmark the outcomes of higher education. Other methodologies might be more acceptable, less costly and more responsive to those who need to know, who include funding and quality assurance agencies, institutions, their staff and students as well as future employers and the social and economic institutions who depend on high quality skilled resources and expertise to deliver their objectives. In the meantime, we should not overlook the increasingly serious interest being placed on learning outcomes by a number of the professional bodies (some of which are international in their coverage) over sighting particular disciplinary fields. That interest by professional bodies should be harnessed in the inevitable next phase of seeking to meaningfully measure learning and teaching outcomes.

PRESS NOTE ON ICMSEA-2017

Baba Institute of Technology and Sciences located in P.M.Palem, Visakhapatnam is organizing 2nd International Conference on Mathematical Sciences and Engineering Applications(ICMSEA) on 22nd, 23rd & 24th Dec, 2017, in association with Centurion University, Odisha and AP. Delegates and keynote speakers are attending from different countries round the globe like Philippines, Australia, and Poland. It is further informed by the principal Dr.C.V.Gopinath that eminent professors and academicians from esteemed institutes (IISc Bangalore, IIT Bhubaneswar, LPU, Jalandhar, Kaziranga University, Assam, University of Allahabad, Central University of Tamilnadu). Prof. N Victor Babu from BITS Vizag and Prof.Ashok Mishra from Centurion University are chairing as organizing secretary and convener respectively. They announced that this conference will be very useful for the young scientists and research scholars. They further informed that a total of 450 papers have been received and 229 papers are selected by expert reviewers to publish in various reputed UGC approved journals like IJESM, JAMR and STM Journals with high impact factors. All the necessary arrangements are made by the organizing committee for a comfortable stay at Vizag for the participants who are attending from various states like Punjab, Karnataka, Tamil Nadu, Odisha, Puducherry, Rajasthan, West Bengal and Maharashtra. The Secretary and Correspondent Smt. K.Srilakshmi stated that the management of BITS, Vizag is pleased to host such an event at BITS, Vizag with participants from various Govt., Private and Deemed Universities across the country for this conference.

DEPARTMENT OF MECHANICAL ENGINEERING

Date: 10-07-2016

MINUTES OF MEETING

BITS/MECH/25/2016-17/1

Minutes of Meeting held in Department of Mechanical Engineering on 10-07-2016 at 04.00 P.M.

Topics discussed in the meeting:

- **Work shop Event:** The Mechanical Department is going to conduct One day Guest lecture on “Thermodynamics, Fluid Mechanics and Power plant Engineering” on 16th july, 2016.
- **Convener :** Mrs. A.S. Bhanu Prasanna is appointed as an Event Convener.
- **Allocation of the co-coordinator:** Mr. Ch. Venkat Rao is appointed as an event coordinator.
- **Resource persons:**

Mr. DEVENDRA SINGH NEGI,
M.Tech IIT Bombay
- **Distribution the event works:** The workshop works are distributed to all the faculty members to conduct this event in a smooth way.

Mrs. A.S. BHANU PRASANNA

EVENT REPORT – OUTCOMES

THERMODYNAMICS:

- Describe basic concepts of Thermodynamics
 - a) Restate definition of system, surrounding, closed and open system, extensive and intensive properties.
 - b) Calculate absolute and gage pressure, and absolute temperature.
 - c) Calculate changes in kinetic, potential, enthalpy and internal energy.
- Judge the properties of pure substances
 - a) judge the state of the pure substances such as compressed liquid, saturated liquid-vapor mixture and superheated vapour using property diagrams and tables
 - b) Arrange the ideal and real gas equations of state.
- Formulate the first law of thermodynamics for a closed systems and arrange the change in energy in the closed systems via heat and work transfer
 - a) Distinguish heat transfer by conduction, convection and radiation and calculated the amount of heat energy transferred.
 - b) Calculate the changes in moving boundary work, spring work, electrical work and shaft work in closed systems.
 - c) Apply first law of thermodynamics for closed systems and construct conservation of mass and energy equations.
- Apply the first law of thermodynamics to the open systems.
 - a) describe steady-flow open system.
 - b) apply the first law of thermodynamics to the nozzles, diffusers, turbines, compressors, throttling valves, mixing chambers, heat exchangers, pipe and duct flow
 - c) Construct energy and mass balance for unsteady-flow processes.
- Assess thermodynamic applications using second law of thermodynamics.
 - a) Calculate thermal efficiency and coefficient of performance for heat engine, refrigerators and heat pumps.
 - b) Restate perpetual-motion machines, reversible and irreversible processes.
- Generate mass and energy balance equations for gas-vapour mixtures.
 - a) Calculate dry air, atmospheric air, specific and relative humidity of air and dew-point temperature.
 - b) Design wet cooling tower using psychometric chart.
- Analyse energy changes in chemical reaction using first-law of thermodynamic
 - a) Formulate theoretical and real combustion equations and calculate the amount of excess and theoretical air.
 - b) Arrange first law of thermodynamic for chemical reaction using enthalpy of formation and combustion and calculate adiabatic flame temperature.

FLUID MECHANICS:

Fluid mechanics is a very important core subject, influencing a diverse range of engineering systems (aircraft, ships, road vehicle design, air conditioning, energy conversion, wind turbines, hydroelectric schemes to name but a few) and also impacts on many biological (blood flow, bird flight etc) and even meteorological studies. As engineers, we are typically concerned with predicting the force required to move a body through a fluid, or the power required to pump fluid through a system. However, before we can achieve this goal, we must start from fundamental principles governing fluid flow.

POWER PLANTS :

At the end of the course, a student will be able to:

1. Describe and analyse different types of sources and mathematical expressions related to thermodynamics and various terms and factors involved with power plant operation.
2. Analyse the working and layout of steam power plants and the different systems comprising the plant and discuss about its economic and safety impacts
3. Combine concepts of previously learnt courses to define the working principle of diesel power plant, its layout, safety principles and compare it with plants of other types.
4. Describe the working principle and basic components of the nuclear power plant and the economic and safety principles involved with it.
5. Discuss the working principle and basic components of the hydro electric plants and the economic principles and safety precautions involved with it.
6. Discuss and analyse the mathematical and working principles of different electrical equipment involved in the generation of power.

REPORT

Career counseling is a type of advice-giving and support provided by career counselors to their clients, to help the clients manage their journey through life, learning and work changes (career). This includes career exploration, making career choices, managing career changes, lifelong career development and dealing with other career-related issues.

Description

- The main objective of GST or described by the speaker it helps to create a common market in India with uniform taxation system.
- The loss for GST or far more strength when compared to indirect tax laws.
- The speaker told about that GST is aimed at reducing corruption and sales without receipts and discussed about disadvantages and advantages.
- Career counseling is a type of advice-giving and support provided by career counselors to their clients, to help the clients manage their journey through life, learning and work changes (career). This includes career exploration, making career choices, managing career changes, lifelong career development and dealing with other career-related issues.
- However, the terminology of 'career counseling' typically denotes a professional intervention which is conducted either one-on-one or in a small group.
- Students need career guidance to explore and plan for future guidance.
- Gaining expert advice on career.
- The job perspective of GST Course Certification
- The main outcome for this seminar is awareness on GST
- What are the career opportunities in GST
- It eliminates the cascading effect of taxes
- The speakers spoke about different career options available after the GST certification courses

SEMINAR OBJECTIVES:

1. Students need career guidance to explore and plan for future guidance
2. Gaining expert advice on career
3. The job perspective of GST Course Certification

SEMINAR OUTCOMES:

1. The main outcome for this seminar is awareness on GST
2. What are the career opportunities in GST
3. It eliminates the cascading effect of taxes
4. The speakers spoke about different career options available after the GST certification courses

DEPARTMENT OF CIVIL ENGINEERING

REPORT

Date : 23-12-2017

PROGRAMME NAME : SEMINAR ON FUTURE SCOPE OF CIVIL ENGINEERS

RESOURCE PERSON NAME : Prof. WAZIR AHMED Head, Dept. of Geo-Engineering, Andhra University

- Speaker speaks about the demand for building roads, houses, transportation, sewerage, canals, bridges, and dams are going to be there. Therefore, you can be rest assured that civil engineers are never going to be jobless be it in the present or in the future.
- The main scope of civil engineering is planning, designing, estimating, supervising, managing and maintenance of structures like building, roads, bridges, dams etc. Civil engineering has good scope in major multinationals, the construction industry and even defence or military services. Also, there are numerous promising opportunities for civil engineering in both the private and public sector

Seminar outcomes :

- The graduates will be able to design a system, component, or process to meet desired needs within realistic constraints such as economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability.
- Ability to design and conduct experiment as well as analyze and interpret data. Ability to design a system, component or process to meet the design requirement. Understanding principles of sustainable design and development.

REPORT

Business analysis report discloses a need or problem, as well as a solution, down on paper, according to the International Institute of Business Analysis. This report, used to identify the need for change and offer solutions for ways to implement change, can work for for-profit, non-profit and government organizations in need of delivering solutions to its stakeholders.

Description

- The overview functions much like the executive summary of a business plan, providing the findings of the report in an efficient manner that helps stakeholders make decisions that need to be made.
- An introductory section explains the various components of the report and the people involved on the business analysis team.
- This report shows the problems with our pizza delivery system, reports from our customers describing the problem and the recommendation of our business analysis team.
- This component explains the purpose of your analysis. Here, you can identify further analyses or assessments that might need to be performed to clarify or identify the problem.

SEMINAR OBJECTIVES:

1. The purpose of this workshop is to identify the source of the delivery problems and find solutions in the course of business practices.
2. Students are able to identify business opportunities for data-driven solutions.
3. Bridge business problems with analytical models.
4. Gaining knowledge of students regarding business analytics.
5. Improvement of students' knowledge in decision making.

SEMINAR OUTCOMES:

1. Identify business opportunities for data-driven solutions.
2. Bridge business problems with analytical models.
3. Demonstrate proficiency in data analysis methods and in data analytic tools.
4. Develop data-driven solutions to support decision-making in real-world business situations.
5. Communicate technical information and analysis results to people both with and without technical backgrounds.
